Dear Mr. Dacey:

This refers to your recent letter to the Attorney General regarding a book entitled The Pledge by Leonard Slater. We cannot at this late date find information in our files which would enable us to comment on or evaluate the allegations contained in Mr. Slater's book. However, since these allegations relate to exporting munitions without a State Department license, we are forwarding your letter to the State Department for any information or comments they may be able to furnish to you. Moreover, we note that in the event the alleged shipments of munitions violated our laws, prosecution at this time would be barred by the statute of limitations.

Your interest in writing to the Attorney General is appreciated.

Sincerely,

J. WALTER YEAGLEY
Assistant Attorney General
