Re Bulet dated August 30, last.

On September 1, 1950, Major ULYSSES G. CARLAN, G-2, Department of the Army, Washington, D. C., made available information in the files of this Agency pertaining to Mr. ERNEST H. TRAUB. ✓

This information consisted of a report of investigation on Mr. TRAUB conducted in June of 1942 by the Philadelphia Field Office, Office of the Provost Marshal General, Investigations Divisions. The character of this investigation was reflected as "Alien Applicant for Employment under Classified Contract with the Secretary of War".

The subject's full name was disclosed as ERNEST HUGH TRAUB and as of the date of the above investigation, he resided at 146 West Cheltenham Avenue, Germantown, Philadelphia, Pennsylvania. He reportedly was born November 3, 1912 at Singapore, Straits Settlement and as of 1942 was employed as a Research Engineer with the Philco Radio and Television Corporation at Philadelphia, Pennsylvania. ✓

This report of investigation reflected that Mr. TRAUB immigrated to the United States from South Hampton, England and entered the United States at New York City on March 15, 1939 by the "SS Ile de France". He applied for his first papers (number 2-658279) in April, 1939 at the Immigration and Naturalization Service at New York City. It was noted, however, that this application expired as he was in California when the hearing on his application was called. As of June, 1942, Mr. TRAUB had taken no further steps toward gaining his United States citizenship. He was classified as a British Alien and registered under Alien Registration Number 1561020. It was also noted that his parents, though born in Germany, had later gained British Citizenship. 3

It was further disclosed that Mr. TRAUB was educated in Switzerland, England, France and Germany, and spoke German perfectly and French fluently. He was further described as one of the leading engineers in the field of Television. DESK

It was noted that Mr. TRAUB had made inquiries concerning his joining the R.C.A.F., but according to his own statement, preferred to remain in defense work in the United States. He was classified with his

draft board as "4C" due to his alien status. Mr. TRAUB, when interviewed by an Army Investigator on June of 1942, reportedly acknowledged that he was of the "Jewish faith though not in no active fashion".

It was also noted that one Mrs. ~~SAMUEL HEUMANN~~, 75 Fort Washington Avenue, New York City, described as a sister of Mr. TRAUB'S father, reportedly stated that Mr. TRAUB'S family "was all Jewish and violently anti-Axis and anti-Hitler".

A personal description and other identifying data regarding Mr. TRAUB was set forth in this report as follows:

Sex - male; Race - white; Height - 5' 6 $\frac{1}{2}$ "; Weight - 130; Slight Build; Complexion - light; Eyes - blue; Hair - black, curly; Social Security Number - 180-18-2665; Marital Status - single; Military Service - none; Father - MAX HUGO TRAUB; Organizations with which affiliated - Institute of Radio Engineers, Incorporated, 330 West Forty Second Street, New York City.

This report of investigation revealed no information of a derogatory nature concerning Mr. TRAUB'S loyalty to the United States and disclosed no additional or pertinent data concerning him.

The foregoing is being submitted for the information of the Bureau, and the New York and Philadelphia Field Division.
