Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

FROM : GUY HOTTEL, SAC, Washington Field

SUBJECT: ISINT
ESPIONAGE - IS
(Bufile 65-56700)

DATE: November 20, 1950

Re NY letter to Bureau dated October 25, 1950.

An examination of the records of the Immigration and Naturalization Service, Washington, D. C., by SA FREDERICK J. DOBBRATZ revealed that YOUVAL TAL, formerly JOUVAL ~~CARMI-TEMKIN~~, was born March 12, 1920 at Tiberias, Palestine, the son of MORDECHAI TEMKIN, 22 Gaza Road, Jerusalem, Palestine. TAL is married to CHLOE TAL, a native of Palestine, who entered the United States May 29, 1948 with a minor child, LILYA.

According to the Immigration records, TAL applied for a United States visa in August, 1947, reflecting the purpose of his visit to the United States as being "to visit his uncle for a period of six months." He was destined to Mr. L. WEINBERG, 1975 Lafontaine Avenue, Bronx, New York. TAL was admitted to the United States at New York City on October 29, 1947 as a visitor. He was in possession of Palestinian passport #109017 issued by the Department of Immigration, Jerusalem, on September 14, 1938, and valid until September 14, 1948.

By letter dated April 2, 1948 the Jewish Agency for Palestine requested that TAL be permitted to remain in the United States until January, 1949 inasmuch as he was a member of the Jerusalem Staff of the agency and was requested to work in the agency's Accounting Department while in the United States.

By letter dated July 27, 1948 the Provisional Government of Israel informed the INS that TAL was an employee of the newly established Israeli Mission to the United States.

As of August 2, 1949, State Department records reflected TAL as a properly registered accredited official of a recognized foreign government (Israel). His immigration status was changed accordingly at this time.

GOVERNMENT

TO : DIRECTOR, FBI

FROM : GUY HOTTEL, SAC, Washington Field

SUBJECT: ISINT

DATE: December 5, 1950

Re New York letter dated October 13, 1950.

The files of the Passport Division, Department of State, contained information that NORMAN MOONITZ was issued a passport on February 19, 1948 for the purpose of conducting a survey for the Service Airway Inc., New York City. His travel plans indicated he planned to leave the United States in March, 1948 for England, France, Italy and Palestine. The file also contained an incoming telegram dated December 9, 1948 from Haifa (Israel) to the effect that MOONITZ had departed from the United States on April 11, 1948 and made an affidavit that he lost his passport. By outgoing telegram dated December 10, 1948 from the State Department to Haifa, a new passport was authorized for MOONITZ valid only for travel to the United States.

The passport file of NORMAN MOONITZ also contained a letter dated February 14, 1949 to the Passport Division, State Department requesting an extension of time on passport #53 issued by the American Consulate at Haifa, Israel to replace the original one lost. MOONITZ stated in this letter he arrived in the United States on February 9, 1949 after traveling from Israel via Sabena (Serbia) Airlines. He stated since he was to be employed abroad as an airline pilot for the Alsam Limited, it was necessary to have a passport good for all countries. The letter indicated that MOONITZ expected to leave the United States on April 1, 1949 for Israel. This letter was stamped passport validated February 23, 1949.

The file further contained an application for registration for NORMAN ARTHUR MOONITZ dated July 13, 1949 which was to expire July 13, 1951 in which he stated he had resided outside of the United States since July 6, 1949 in Israel for the purpose of employment as a pilot by the EL-AL Airlines, home base T.A. MOONITZ' application for registration contained information that he intended to return to the United States in two years. The application was signed by EUGENE L. PADVERG, Jr., Consular Office, Tel Aviv, July 13, 1949.

_____ have at any time in the past received clearance for access to classified material. *Waxwell*

Mr. Lynch of the Liaison Section contacted George Gould of the Security Division of the Office of the Secretary of Defense, and suggested that he prepare a memorandum setting out this information.

There is attached hereto the memorandum as prepared by Mr. Gould which states that neither of these officers have been cleared for access to any classified information, and further that Mr. Gould, upon inquiry, was informed on October 18, 1950, that their duties did not require them to have access to any classified material.

Office Memorandum UNITED STATES GOVERNMENT

TO : Director, FBI

FROM : SAC, Philadelphia

SUBJECT: ISINT

DATE: November 25, 1950

Rebureau 11/10/50 instructing that a memorandum be submitted explaining why the Bureau's instructions were not complied with and submitting memorandum from the Supervisor and the Agent to whom the case was assigned.

There are transmitted a memorandum from Supervisor NORRIS S. HARZELSTEIN, under whose supervision the case was handled, and a memorandum from SA ALBERT RUNDBAKEN, to whom the case was assigned.

The fact that this Agent was heavily assigned, as are all Agents assigned to this office, and the fact that every effort was being made to handle Internal Security matters, including key figure cases, to bring them into an up-to-date status immediately undoubtedly contributed to the delay in the handling of this matter, as indicated by both the Supervisor and the Agent.

This case should have been given preference over some of the others assigned to this Agent; and in view of the Bureau's instructions for the case to receive continuous attention, the Supervisor should have followed it more closely. That this was not done, I feel, is also attributable to the heavy volume of cases and the pressure being exerted to bring Internal Security cases to a current status.

With respect to the Bureau's O-1 Form, there is no record that this was ever received in this office.

Office Memorandum • UNITED STATES GOVERNMENT

TO : SAC

FROM : NORRIS S. HARZENSTEIN, SA

SUBJECT: ISINT

DATE: 11-24-50

Rebulet 11-10-50, and re Memo of SA ALBERT RUNDBAKEN dated 11-22-50.

When the case was received, the admonition regarding continuous investigation was noted and especially marked for the agent's attention.

When the case came up on tickler, the agent advised that investigation had been commenced but had not been completed. When the case again came up, there was another discussion with the agent and it was found that the investigation still had not been completed, but that he had been endeavoring to bring his delinquent cases into current status. He was then instructed that this case must be completed at once. This was done.

In extenuation of the agent's delinquency, it should be noted that this agent, in common with all of the agents on the squad, is very heavily assigned and some of his cases have perforce gone delinquent. A number of his cases were in the Espionage category, and others were Key Figures of long standing in the Communist Party. The latter cases had been reassigned to him from agents transferred from the squad and he had been instructed at the time of reassignment that Key Figures were not to be permitted to go delinquent, if at all possible.

Agent RUNDBAKEN and the other agents have also been told and know that the cases must be handled on a selective basis, giving first attention to the most important.

As to the Bureau's O-1 Form, there is no indication that it was actually received at this office.

It is the writer's opinion that the agent was making a sincere effort to keep up with what he considered his responsibilities and that he was trying to minimize administrative delinquencies. This case should not have been bypassed or overlooked, but it is desired to point out that this agent is not shirking.

Rebulet 11-10-50. At the time this case was assigned to the writer, it was noted that the Bureau instructed that it was to receive continuous investigation. It is realized that the investigation should have been instituted sooner and the Bureau advised. At the time of assignment, the writer was involved in other investigations. Some of these required the review of many related files or of voluminous master files. The writer was attempting to avoid delinquencies in his cases. It is now realized that some of the cases handled at the time should not have been given preference over the ISINT case.

Included among investigations handled during that period was a

Some time was spent on other espionage type cases. The principal

case received considerable review and investigative attention and a report is now being prepared on it. The writer had hoped to keep these cases as well as his other assignments out of delinquency status.

About the middle of September, I was advised by my Field Supervisor, NORRIS S. HARZENSTEIN, that the case had come up on tickler. I had at that time started investigation and told Mr. HARZENSTEIN that an estimated three days work was required and that investigation would be completed promptly. In my desire to keep my other cases out of delinquency status, I did not actually complete this investigation immediately and when the case again came up on tickler and I was asked about it, I advised Mr. HARZENSTEIN that the additional work had not yet been done. At that time, on his instructions, I completed this case and submitted the report at once.

It has been pointed out that the ISINT case should have been handled in preference to the reports of the Key Figures. It is sincerely regretted that the ISINT case was not handled with the dispatch that it should have received in conformity with Bureau instructions. Every effort will be made to avoid such an error in the future.

With regard to the comment regarding the Bureau's Form O-1, the writer has no recollection of having received or seeing this form, and there is no record of its receipt at the Philadelphia Office. Had the form been received, it would most certainly not have been ignored, but it would have been acknowledged at once.

therefore, that the investigation requested above be pursued most diligently and expeditiously since it may result in the solution of the ISINT case and various related matters. The necessity for discreetness and caution cannot be over-emphasized. As you are aware the inquiries involve officials of a Foreign Government. If it is determined that any particular official should be investigated, it will be necessary that you request the Bureau to secure prior State Department clearance before undertaking such investigation unless clearance has previously been obtained on the individual involved. You should keep the Bureau currently informed of developments in connection with this matter and reports should be made promptly.

ADDENDUM:

After this memorandum was prepared, the following information was received from the Department of State:

Mr. Herman Edelsberg of the Anti-Defamation League advised Mr. W. Park Armstrong, Jr., of the Department of State, that his League secures information concerning Arab League activities in New York City in the following manner:

Wahid Aldali, nephew of the head of the Arab League, turns over copies of documents to a newspaperman whom he believes to be sympathetic to the Arab League position, despite the fact that the Arabs apparently know that the newspaperman is Jewish. The newspaperman, whose name was not disclosed, in turn delivers the documents to a Mr. Sanford H. Griffith, who is an agent in this regard for the Anti-Defamation League.

The State Department has made available to the Bureau 76 pages of material received from Mr. Edelsberg which allegedly originated in the offices of the Arab League in New York City. This material is presently being reviewed and any information contained therein of interest will be forwarded. The material

indicates that the name of the newspaperman referred to by Mr. Edelsberg may be Joe Levy.

Every effort should be made to substantiate the information reported by Mr. Edelsberg to Mr. Armstrong of the Department of State.

PURPOSE:

To recommend that the Agent in the Washington Field Office who handles captioned case, be authorized to contact Lt. Colonel James B. Berry of G-2 for the purpose of securing answers regarding questions which have arisen during the course of the investigation of Israeli intelligence activities in the United States.

DETAILS

By memorandum dated 11/18/50, the Washington Field Office presented several questions and requested that the Bureau take up these matters through liaison channels with the Department of the Army. You will recall that Supervisor W. R. Wannall, Espionage Section, is in contact frequently with Lt. Col. James B. Berry of G-2. The questions presented by Washington Field were discussed with Colonel Berry and they in turn presented further questions which would require correspondence with Washington Field to resolve. Colonel Berry suggested that an Agent of the Washington Field Office, who is handling our case in this matter, contact him directly at the Pentagon. He said he would be glad to answer any inquiries which might arise in connection with the Bureau's investigation covering Israeli intelligence operations in the United States.

Lt. Col. Berry said that before the field office agent comes over, he would appreciate it if Mr. Reynolds of the Liaison Section would advise General A. R. Bolling of the fact.

A memorandum has been prepared instructing the Washington Field Office to have the Agent handling the ISINT case telephonically arrange an appointment with Col. Berry for the purpose of securing the answers presented by Washington Field in its memorandum of 11/18/50.

ACTION

If it meets with your approval, the proposed memorandum containing the above instructions will be forwarded to the Washington Field Office. This memorandum should be forwarded to Mr. Reynolds in order that he may orally advise General Bolling of the fact that an Agent of WFO will contact Col. Berry along the lines described above.
