The question of moving the U.S. Embassy to Jerusalem is a vital one in view of the fact that the U.S. supports the UN contention that Jerusalem should be an internationalized city; therefore, if the Israelis could, through political maneuvers, succeed in having our Government transfer its Embassy to Jerusalem, they would, in effect, have accomplished de facto U.S. recognition of Jerusalem as a part of the State of Israel.

ALEXANDER KOHN, 64 Coolidge Street, Brookline, Massachusetts, Israeli National, arrived in United States on visitor's permit on May 15, 1950, to study at Harvard Medical School. Permit extended to June 30, 1951. No credit or criminal record located.

Mr. EDWARD CANDIB, clerk, Immigration and Naturalization Service, 73 Tremont Street, Boston, Massachusetts, furnished file number Q200-105184 of that office, pertaining to ALEXANDER KOHN, 64 Coolidge Street, Brookline, Massachusetts. This file indicated that KOHN was born in Horodenka, Poland, on March 8, 1919, and that he is presently a subject of the State of Israel, having arrived in New York City aboard the Queen Elizabeth on May 15, 1950, accompanied by his wife, CHANA KOHN, and son, YORAN KOHN, age six and one-half years. This file disclosed his foreign residence as Shechunat Borohov, Givatayim, Israel, from May, 1948, to April, 1950. This file does not disclose prior residence in Israel or the length of time for which he has been an Israeli National.

He came to the United States on visitor's permit number V10621145 and passport number 13640 issued by the State of Israel on November 3, 1949, at Hakirya, (Tel Aviv) Israel. This passport expires December 31, 1951. KOHN has been granted two extensions of temporary stay, the latest on January 15, 1951, to expire June 30, 1951. He stated on his applicant for a second extension, "I am engaged in a research problem at the Department of Bacteriology, Harvard Medical School, under Doctor R. M. TERRY and need additional six months to complete work." An official letter maintained in KOHN's Immigration and Naturalization Service file received from Harvard University indicates that on October 16, 1950, ALEXANDER KOHN was appointed Research Fellow in Bacteriology and Immunology to serve one year from July 1, 1950.

To the question on KOHN's applicant for a visitor's permit which reads, "If not employed or engaged in business in the United States, describe fully the source and amount of your income abroad and how supported while in the United States", KOHN answered, "In Israel I was employed in the Weizmann Institute of Science. In the United States of America I am granted by this institute a scholarship of two hundred and forty dollars per month." He lists his occupation as Bacteriologist.

~~MEC X PAREL~~
Immigration and Naturalization Service file number 0200-105142 pertains to ~~CHANE KOHN~~ ALEXANDER KOHN's wife. It reflects that she is in possession of visitor's permit number V10621144 and passport number 14359 issued by the State of Israel, December 12, 1949, at Hakirya, Israel. Her maiden name was PAREL. She was born at Kowel, Poland, October 27, 1919, and is now a citizen of Israel. She stated that she is not employed but is accompanying her husband.

Mr. EDWARD ~~CANDIB~~, clerk at the Immigration and Naturalization Service who made available these files, advised that he knew Dr. KOHN and his wife personally. He said his personal relationship with KOHN stemmed from the fact that CANDIB's in-laws and Dr. KOHN's in-laws were very well acquainted in Vienna, Austria, about the year 1918. Consequently, when Dr. KOHN came to the United States in May, 1950, and being relatively unacquainted in this country, he called KOHN's in-laws; and through them Clerk CANDIB met KOHN. CANDIB said that his association with KOHN is limited, having met him approximately three

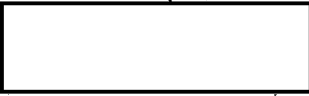

ADMINISTRATIVE

times. He said that conversation with KOHN has been limited because KOHN spoke only broken English at the time of his meetings with him and that most of KOHN's conversing was carried on in Hebrew with other parties present and a running translation being given for CANDIB's benefit. It was CANDIB's belief that KOHN went to the State of Israel sometime prior to the German invasion of Poland in 1939. He said that like all emigres to Israel in the late 1930's and the 1940's, KOHN worked on the farms and attended to building agricultural foundations for the new state. According to CANDIB, KOHN studied medicine in Israel and, from hearsay information, believed that KOHN is supposed to be quite brilliant in this field. To the best of his knowledge, KOHN has no income except that received from the Weizmann Institute.

There was no record or file at the Credit Bureau of Greater Boston, Incorporated, 11 Beacon Street, Boston, Massachusetts, for either ALEXANDER KOHN or his wife.

The files of the Massachusetts Board of Probation, Suffolk County Court House, Boston, Massachusetts, a central repository for all criminal arrest records in the State of Massachusetts, were examined; and no record was found for either ALEXANDER KOHN or his wife.

b3
b7E

Investigation has indicated that [redacted]

[redacted] in Washington had a copy of each of the five Air Attache Reports in his possession since in most instances he quoted from the reports verbatim. It would be extremely helpful, therefore, to determine if the intelligence agencies which received copies of the reports can now account for all copies received.

ACTION:

It is recommended that the Liaison Section determine whether the records of the Departments of State, the Army, the Navy, [redacted], and the six branches of the Department of the Air Force mentioned above reveal the ultimate disposition of all copies of the five Air Attache Reports involved in instant matter.

Further reference is made to Washington Field letter 3-23-51, regarding a contact between [redacted] Yaronne of the Israeli Embassy in Washington and one Bertha of New York City. Bufile 3-31-51, advised that Bufiles would be reviewed in an effort to develop further information with regard to the individuals involved in this matter.

b7E

Photo
Bufiles contain an application for a position with the Bureau as a student fingerprint classifier, filed on May 2, 1941, by one Philip Pokodner who appears to be identical with the individual named in relet as Philip Pokodne (phonetic). The application reveals that Pokodner was born March 14, 1914, in New York City. His father, Jacob Pokodner, was born in Poland and as of May, 1941, was residing at 1871 53rd Street, Brooklyn, New York, which address also was listed as the legal residence of Philip. The applicant attended Public Schools #16 and #48 in Brooklyn between 1929 and 1927. He attended the New Utrecht High School in Brooklyn until 1930 when he entered Brooklyn College. He received a B.A. degree from the college in 1934 and then studied for two years at New York University.

Philip Pokodner was employed as a factory superintendent by J. Pokodner (possibly his father), 39 Broome Street, New York, from 1934 to May, 1940. In the latter month he took a position with the Census Bureau, 2nd and D Streets, S.W., Washington, D.C., and at the time he filed his application was still employed by that Bureau as an assistant section chief. His address in the Washington area was given as 1718 North Highland Street, Arlington, Virginia, and his telephone number was listed as Chestnut - 3472. Philip Pokodner indicated that from May, 1940 to December, 1940 he resided at 1728 Euclid Street, N.E., Washington, D.C.

The reason why it is believed Philip Pokodner is identical with the individual mentioned in relet is

that Philip listed as one of his references when filing the application, an individual named Sam Sloan of 162 Dahill Road, Brooklyn, New York. The New York Office should immediately identify this reference and establish whether in fact he is the Sam Sloan mentioned in relet.

For your information, it may be noted that the following four individuals also were included by Philip Pokodner in his application as references:

Chaplain A. Lev, Chief Chaplain's Office,
War Department;
Residence Address: 1718 No. Highland Street,
Arlington, Virginia.

A. B. Spalter, Federal Power Commission,
Washington, D.C.;
Residence Address: 1287 Brentwood Road, N.E.,
Washington, D.C.

Dr. J. Estrin, 5100 15th Avenue, Brooklyn, N.Y.;
Residence Address: Same.

I. Flezer, 5501 14th Avenue, Brooklyn, New York;
Residence Address: Same.

When filing his application Philip Pokodner indicated that he was five feet nine and one-half inches tall and weighed 153 pounds. He attached a photograph of himself, copies of which have been prepared and have been enclosed herewith for each office.

Pokodner was not offered a position with the Bureau, since upon a personal interview he received an unfavorable recommendation.

(67-210805)

Under date of October 23, 1947, the Bureau was requested to furnish to the Navy Department, Bureau of Ships, any derogatory information contained in Bufiles regarding Philip Pokodner in connection with the Loyalty Program. No derogatory disloyal data were found. The form containing this request revealed that Pokodner at the time was an associate engineer (Naval architect) in the Bureau of Ships, 18th & Constitution Avenue, N.W., Washington, D.C. It revealed that he left his position with the Census Bureau

in 1941. He worked for one year with the Coast and Geodetic Survey in Washington, and for one year with the United States Coast Guard in New London, Connecticut, before taking a position in the Navy Department in 1943. Pokodner's Navy Department employee number was listed as 704520 and his Social Security number as 062-03-4928. He was reported to be a member of the Knights of Pythias. The following addresses in addition to those which Pokodner reported to the Bureau were listed in the request received from the Navy Department:

1941-1942	5405 No. Capitol St., Washington, D.C.
11/42-3/43	United States Coast Guard.
1943-1943	3100 Warder St., N.W., Washington, D.C.
1943-1946	49 Hamilton St., N.W., Washington, D.C.
1946-10/47	127 Jefferson Street, N.W., Washington, D.C.

(121-4-172399)

Bufiles contain numerous references in the name Sam Sloane utilizing various build-ups and breakdowns. In addition to the Sloane identified in relet, they pertain to individuals identified as follows:

Samuel L. Sloane, an attorney of Port Jefferson, Long Island, New York.

Samuel Sloane of "Duell, Sloane & Pearce, Publishers," 270 Madison Avenue, New York City.

Samuel P. Sloan (Sloane) of Ohio, Illinois and Canada, who was accused of violating United States Postal Laws.

Samuel Parker Sloan (Sloane), an organizer for the United Furniture Workers of America, CIO, in Chicago, Illinois.

Samuel Sloane of the Bureau of Solicitations, Department of Public Welfare, 902 Broadway, New York City.

Dr. Samuel Sloane of 132 Belmont Avenue, Paterson, New Jersey, who acted as a sponsor for Samuel Seresewskis, an immigrant from Poland.

Sam Sloane, born in Ohio on March 5, 1903, who served a two year term in the Ohio State Penitentiary for possession of burglary tools and carrying concealed weapons.

Sam Sloane, Baptist Church Road, Yorktown Heights, New York City, who was born in Rochester, New York, and who acted as a sponsor for Mr. and Mrs. Francis C. Weiskopf, immigrants.

Samuel Sloane, 85 Quincy Shore Boulevard, Quincy, Massachusetts, who in 1940 was connected with the Anti-Defamation League.

Since it appears that the Sam Sloan of 162 Dahill Road, Brooklyn, New York, is the individual in whom we are interested, a complete file review has not been made with regard to the individuals listed above. If the New York Office determines during its inquiries to identify Sloan, that any of the above-listed may be identical with him, the Bureau should be requested to conduct a further review of the files relating to the individual involved.

The only information in Bufiles regarding Bertha Constance Maccoby and Rose Bertha Shepathin not reported in relet pertains to the former, Bertha Constance Maccoby.

On August 26, 1941, the Washington Field Office reported that the files of that office reflected that the name of Judith H. Maccoby appeared on the mailing list or membership list of the Washington Committee for Democratic Action. Since Judith at the time was employed by the Securities and Exchange Commission, an investigation concerning her was conducted under the Hatch Act. The results are contained in the report of SA T. J. Herford, 4-1-42, at Washington, D.C., WFO file #101-801. When a copy of the report was transmitted to the Securities and Exchange Commission the Bureau was advised that Judith had resigned her position there on March 26, 1942, and had transferred to the United States Navy Yard in Washington, D.C. Therefore, a copy of the report was sent to ONI and that Agency conducted an investigation of Judith Maccoby. The ONI investigation revealed that

Judith has two sisters, Mrs. Morris (Shirley) Gode, who in 1942 was residing at 2434 16th Street, N.E., and Miss B. Constance Maccooby, address not determined. ONI stated that Judith had not established credit in Washington, D.C., but that Credit Bureau files reflected that she had used accounts of her sister Miss B. Constance Maccooby. ONI, in transmitting copies of its investigative report to the Bureau, remarked, "It does not appear from the investigation conducted by the Navy Yard that administrative action was warranted."

(101-2208)

Under date of November 21, 1947, the Bureau received a letter from the United States Civil Service Commission with which were furnished 5,612 photostatic copies of card records from the Commission's files. These records contained the names and identifying data with regard to persons who had been investigated by the Civil Service Commission and rated ineligible on loyalty grounds, or eligible but concerning whom some question of loyalty was raised. They also covered individuals whom the Civil Service Commission did not have jurisdiction to rate, but in whose cases some question of loyalty arose.

One of these cards covered Bertha Constance Maccooby of 150 West 21st Street, New York City. The card indicated that she had been received as an employee in the Office of War Information under a mass transfer from another Government Agency in 1942. Her date and place of birth were given as May 28, 1905, London, England.

In transmitting these cards the Civil Service Commission advised the Bureau, "Should you desire to have the reports of investigation in these cases reviewed, they will be made available for review by representatives of your office in the usual manner."

(62-17890-607 encl. p. 2981)

b7E

No additional data could be located in Bufiles which might assist in the identification of the individual referred to in relet as Bertha. As soon as the investigation requested in Bulet 3-31-51, in this matter has been completed, any additional information which might assist in conducting a further review of Bufiles should be furnished.

Upon receipt of this communication the New York and Washington Field Offices should immediately advise what progress has been made in this matter to date.
