Enclosed for the New York Office (NYO) is one copy each of five subpoenas for the following individuals:

ALX SCHWIMMER

NYO is requested to furnish the enclosed subpoenas to the Resident Agency (RA) at JFK airport. The JFKRA is requested to maintain contact with the Immigration and Naturalization Service (INS) and U.S. Customs Service (USCS) at JFK to serve the subpoenas if possible, on the Israeli officials or businessmen named in the subpoenas.

For the information of the NYO, the above named Israelis were instrumental, in various degrees, in assisting the United States in selling arms to Iran and may have been involved in diversion of funds as a result of these sales to the Contras in Central America. To date, the Israeli Government has been steadfast in its refusal to make these officials and businessmen available for interviews. These Israelis, especially [redacted] visited the United States on occasions. These Israelis have been entered into the Treasury Enforcement Communication System and INS has pledged its cooperation in assisting the FBI in locating these persons for subpoena service. Arrangements have now been made with INS to stop these persons, if they entered the United States, immediately notify the FBI NYO and the Office of Independent Counsel (OIC), and ascertain from them a verifiable address where the can be located.

In addition, members of the USCS operating within the OIC will make contact with the USCS at JFKRA to enlist their assistance. INS and USCS will be requested to conduct their normal inbound procedures and to not detain them if the JFKRA Agents cannot arrive prior to the departure from the airport, ie., due to week-end or evening arrivals. In the event that the NYO is unable to serve the subpoenas, INS will immediately advise OIC in Washington, D.C., of the above Israeli officials or businessmen's arrival in the United States and furnish to OIC there United States addresses and appropriate leads will be set at that time for subpoenas services.
