Spent most of the time bringing them up to date and explaining the case and the 9 episodes and how they got snookered. Phil reiterated that "when this is all over we will do right by Steve" but said that nothing can be done now as it is still possible that and AIPAC person, esp. Howard, may end up as a witness and we cannot have a situation where on the eve of trial after 3 years all of a sudden AIPAC is paying off Steve not to say things or to say things He is right. Will discuss
